NEW/REVISED COURSE PROPOSALS
 2016-2017 School Year

Department Sponsor	New/Revised Grade Level	Name/Description	Staff Needs	Material Cost	Curriculum Project	Approved		NCAA Yes/No
						Yes	No	
<u>Business</u> A. Baum	Elective 10-12 Regents/Honors	<u>App Development</u> This purpose of this course is to explore how to effectively design and develop a concept and from it, an app (or other software). Using an MIT-supported platform, students will learn how to use App Inventor as a tool within the design process; how to apply concepts & skills that will eventually allow build-out of an app idea. This course will fully integrate technology into the classroom allowing students of all abilities to conceptualize, design, test, modify, and fully create applications for the Android platform. No prior computer or programming experience is necessary.	None	None	Yes			To Be Determined
